          To find major CGPA:
          Add grade points awarded for all PLSC courses taken. This is on your transcript.
          Write that total here _____.

          Add the number of credits ATTEMPTED (this is the first column… NOT credits earned) for all PLSC
          courses taken. Write that total here _____.

          Divide the total grade points awarded by the total number of credits attempted. That is your major
